Lakeshore Company

The annual Lakeshore Co. meeting will be held on January 13, 2007 at the clubhouse.

Lakeshore Co expects to make significant upgrades to our water system in the future. Anyone who would like to serve on the water committee should contact Rick Barrett.

Lake Association

It's still a few months until the annual Lake Association Meeting in March but the nominating committee is now compiling a list of candidates for the Lake Association Board. This is a unique opportunity to gain insight into how things really work around here. Contact Austin Godfrey if you would like to run for the Association board..

Roads-A volunteer crew tackled the leaves at the fall road clean-up and Chef Carl Bonar and assistant Cindy Manz rewarded them with a lunch

extraordinaire. Many thanks to all who made the day a success.

Grounds-There are several available garden plots open for assignment in 2007. If you have a commitment to gardening and are prepared to maintain a plot, please contact Mark Baumgarten by Jan. 31, 2007. (This notice is not intended for gardeners with existing reserved plots).

Tennis- Money donated by individuals was used to improve the condition of the tennis court. Thanks to those who donated funds and to Barbara McGoldrick and John Murray who assumed stewardship for the court.

This summer, the lock on the tennis court front gate was forcibly broken and deep footprints were noticed on the soft court surface. Please help protect our common property by keeping your eyes and ears open and reporting any questionable activity to appropriate MKL board members.

Country Club

It's a great idea but it won't happen unless someone volunteers to chair it. What is it? The Super Bowl Party on Sunday, February 4, 2007. Ruth Chaney would love to hear from you if you could help.

Exercise Classes Currently, exercise classes at the clubhouse are held on Monday and Wednesday from 10:30 to 11:30 a.m. and Tuesday and Thursday from 6:30 to 7:30 p.m. The Mon/Wed classes focus on body toning. Tues/Thurs. classes are low impact aerobics. Beginners are welcome and the instructors will work with your individual needs. Contact Cassy Merenda for more information.

VSA Dinner...The new date for the VSA appreciation dinner is April 28, 2007.

What is the VSA? Each day a member of the VSA (Vital Statistics Analyzers) visits our pump houses to record the flow of water for the day and to insure that the pumps are functioning properly. VSA members receive an insider's tour of the pump houses and commit to checking the pump house for a week, perhaps twice a year. A VSA dinner is held each year for VSA members and their spouses.

If you would like to become a member of the VSA contact Bill Manser or Rick Barrett.

The Long Range Planning Committee plans focus groups to gather thoughts and ideas about uses for the old ball field. (site of the dredging waste). Meetings would be conducted in January for presentation to the Lake Association Board. If you want to contribute your thoughts, contact John Murray.

Geese sighting-Canadian geese have been seen at the beach. Feel free to discourage them from being there, humanely of course, or at least discretely.

The MKL Website-Terry Dwyer has posted many pictures and much community information on the MKL website. Check it out at:
