### History Room Update or Cartons Unloaded

John Murray

The History room is becoming a reality as we finally act on a request shown in the 1960 minutes report Uthat files from all MKI boards be placed in a central location at the clubhouse." A mere 47 years later 34 cartons of files and 10 map drawers worth of stuff are starting to find a home. Everything has been placed in files la-beled by organization and the years, 1930's, 40's 50's, etc. or placed in picture drawers, map drawers, old map drawers...even older map drawers.

We would like to make an appeal for old party pictures you might have (with identification please), notes or papers from boards or news articles about the lake or anything else you might have. Please give Chris Allyn or Joyce Murray a call. (Chris is allowing Joyce to schlep boxes and make file labels). Anything in electronic form is great too.

The earliest Country Club minutes we have found are from 1936. We've even started a file called '1 forgot to keep my receipts...' They were sent to treasurers with some wonderful reasons for their absence.

Notebooks are being created so people will be able to look through old minutes from annual meetings, social calendars from years past, or invitations to the various parties. Also all the old playbills and news articles are. being preserved in a manner that will allow people to view them. This year one of the events on the social calendar will be a history review brunch/party/cocktail something. Ideas are being received along with volunteers to make it happen.

### lakeshore Company

The annual meeting of the lakeshore Co was held on January 13 at the clubhouse. Rick Barrett, Newton White, Bruce Chalfant, Bill Manser and Ray Negele were elected to the board.

would focus on two major iniatives in 2007.

1-Evaluating and implementing any needed improvements in the Water Company's facilities.

2-Reviewing whether some form of

amalgamation with the Lake Association makes sense. This is a follow-up to recommendations from a study done several years ago.

On February 15, Lakeshore held a meetings to review potential Water Company projects. About 15 people; who had expressed an interest at the annual meeting, attended.

Lakeshore will implement an e-mail list for Water Company news and projects where volunteers are needed. If you would like to be on this list, please contact Rick Barrett at: RiBarrett @ AOL.com

Tennis anyone? In February??

You may have recently noticed work being done on the tennis court, starting with snow removal??? Last year over \$3,000 was donated by residents to begin a multi-year rehab of our tennis court. About \$2,000 was used, supplemented by the annual tennis court budget, to complete a number of upgrades, including an extensive rebuilding of the South end of the court plus stone curbing to eliminate wash out on that end. The ripped wind screen on the South end was replaced as well.

This year, because we are starting early, we got a great price on redoing the more seriously problematic North end of the court. Starting with the \$1,200 left over from last year and again using the tennis court budget, unchanged from last year, the North end of the court will be rebuilt from the base up. Curbing will be extended along the East side to better manage runoff and soft spots. A drinking fountain will be added outside the court for the convenience of users of the playground.

To complete these Improvements, an additional \$1,700 needs to be raised. The Tennis Committee consisting of Barbara McGoldrick and John Murray, report that \$1,000 has been pledged leaving just \$700 to be raised in the Spring.

The tennis committee is also looking for someone to give tennis lessons to MKL residents. If you are interested in enrolling your child or yourself in group lessons, please let Barb or John know.

Many thanks to those who contributed money for the court in 2006: Barretts, Bierlys, Gjivojis, Godfreys, Irvings, Kaplans, McGoldricks, Morrison, Murrays and Priscus.

For more information or to contribute to the court fund, contact Barb or John. It's a lot more fun if you're using it but player or not, the court is a shared asset of benefit to all of us. Hope to see you out there in the Spring.

Thank You Recognition Dinner

On. February 17 the Country Club Board shared an evening meal with past party chair people as a way of saying that their enthusiasm and extra efforts were part of what make our community a pretty neat place to be.

The 2007-08 social calendar is a project in the making. Ruth Chaney would love to hear from you and have your input.

Welcome

Jayne Roland is the new owner of the former Uslar house at 10 Lake Trail West.

Condolences

Former lake resident, Bill Zweidinger, died on February 4. Bruce Chalfant died on February 15.

We extend our condolences to their families and friends.

### Ode to Party People

You know it's been said many times before  
Community means 'PEOPLE' no less and no more.

People who share of their time and their space

Making MKL a most special place.

People who've served, chaired a party or two

Cooking and grilling just part that you do.

People, like parties, may vary a lot

From adult size, kids on down to tots.

You know it's been said many times before

Community means 'PEOPLE' no less and no more.

People share laughter, carved pumpkins and such

For all of your efforts-Thank you so much.

Joyce Murray

### Health Screening

The Harding Twp. Health Dept. will be sponsoring free clinics for male and female cancer screenings in March 2007, as outlined below. These clinics are available to Harding Twp residents, 18 years of age and older.

Female Cancer Screening  
March 29 8 a.m. til noon

Male Cancer Screening  
March 13, 4:45p.m. til 6:45 p.m  
Please Note If you are currently under the care of a urologist or have had a PSA test within the past year, you are not eligible to participate.

Prior registration for both clinics is necessary. Call 973-267-8000, ext 125 to make an appointment.
