Fall Road Cleanup

Gail Chalfant

Many thanks to everyone that came forth to rake leaves, trim bushes and clean out drains. Many, many thanks to the Bonars for opening up their home for morning coffee and donuts and then again at noon for a delicious lunch of soup and sloppy joes.....and various libations! Carl.....you sure are a good cook! Some 46 neighbors were working around the lake and Ray Jones took some great pictures. Things looked very good until Mother Nature got involvedc'est la vie! My best to all.....thanks again.

Our Water Works

In case you were wondering what the flurry of activity was about, there was a concentrated effort to replace or repair the underground valves on the water mains before the road work began. The supply line running down Primrose Trail had to be replaced due to leaks.

In the past six months, Lakeshore has also had the water tanks repainted and a 20-year old pump replaced in Pump House 2 . So our wonderful water is once again flowing through our system and into our homes. Thanks for all the upgrade work and making way for the road repairs!

Road Safety!

As “slippery road season” begins, please remember to drive carefully on our roads. Also, please remove parked cars from the main roads whenever the plows need to come through.

Please also continue to report speeding delivery people to the business owners (or the police, if you can get a license number and wish to press charges)!

MKL Web Site

Ray and Theresa Jones

Check our Web site for more great photos of road cleanup, thanks to Photographer Ray Jones and File Scanner Terry Dwyer.

Download your favorites shots and email them to your friends! Check out the clever captions, too—and take a look at the Beach Cleanup photos from May as well.

Road Repair Status

Road work was successfully completed for the fall. Thanks for your patience and cooperation while it went on. If you haven't cruised all the great newly surfaced roadwork, be sure to do so before the snow flies!

Work will continue in the spring to complete the upgrades.

Special Reorganization Informational Meetings December 8 and December 13

Please come to one of the Information meetings the Association is holding at the Clubhouse to report on the status of plans to reorganize the Lake Shore and Association boards.

Saturday the 8th at 9:30 am:
coffee & donuts will be offered.

Thursday the 13th at 7:30 pm:
wine and cheese will be offered!

Come and learn how we are planning to ensure a smooth operation of our unique Lake community.

Clubhouse Rental Procedure

A reminder that if you are interested in renting the Clubhouse, first call Bettina Bierly or Joyce Murray to clear the date. The next step is to get the paperwork from Bob Yingling. The completed application then comes to the Board for approval. Please allow time for this process before assuming that your rental is approved!

Holiday Open House

Don't miss the wonderful afternoon of food, drink, and fun at the annual open house on December 16th. New neighbors and old gather to launch the holiday season, before we all go into hibernation for the winter!

Grounds Rules

The leaf disposal site is behind the Community Garden. This area is for residents only. Professional landscapers should be reminded that this area is 'off limits' to them. Leaves should not be deposited into the Lake or onto undeveloped Lakeshore lots.

Garden members—present and future: Members who were first timers in 2007 and members without gardens seeking space should contact Mark Baumgarten by Dec. 15th to request a plot for 2008. The policy for assigning plots is to give preference to those members who actively maintain their gardens.

Grounds Chair

Road Patrol Thanks!

I would like to thank the following residents for their help with the Summer Road Patrol: The Irvings, Bonars, Bowdens, Bill Manser, Allyns, Godfreys, Grays, Baumgartens, Densons, Edgars, Burds, Alveys, Heidens, and Desterhazys. Your help was very much appreciated!
