Social Chair	Karen Sabol

Bear Film to be Aired at Harding Twp. Municipal Building

The award-winning 60-minute film "Living with NJ's Black Bears" will be aired in the main room of the Harding Township Municipal Building—Kirby Hall. Two showings are scheduled:

Friday, March 16, at noon
Thursday, March 22, at 5:00 pm

The film, presented by the Wildlife Management Committee, is "for all who live or travel near bear country" and includes a history of black bears in the area, an exploration of the black bear biology that allows them to carve out a niche in the ecosystem, advice from experts about how to responsibly share your neighborhood and recreation areas with wild bears, and the truth about how to avoid and/or react to all types of black bear encounters.
