- Nov. ?...Road Cleanup
- Dec. 6...Santa Visit (Clubhouse)
- Dec ?...Holiday Open House
- Dec. 31....New Year's Eve Pub Party

Fundraiser for Children's Cancer Fund

On Sunday, Sept. 20, the Community Event of the season took place when children and residents held a Lemonade Stand and Bake Sale to raise money for the Goryeb Children's Hospital Oncology Department at Morristown Memorial. Among the tasty offerings were cookies, cupcakes, pumpkin bread, lemon cakes, and marshmallow pops, plus real lemonade!

The Sale raised \$617.50 for the Children's Hospital. Congratulations are in order to all children—Avery Hamilton, Orla and Euan Maxwell, Campbell Lamonte, Elle Gjivoje, and Brynn Lukacs—and parents who organized and ran the sale! And thanks to all who bought the tasty offerings to support the event!

On Sunday, Sept. 27, the children delivered over 150 toys to the Hospital, thanks to a 20% discount from Tons of Toys in Madison that stretched their donation even further!

Garden Report

The garden was beautiful with flowers and vegetables this summer. With such little rain in the past couple months it was a challenge to water enough but we still had healthy crops.

If anyone is interested in a plot please call me @ 908-204-9043. Looking forward to next spring already!

—Joan Haynsworth, Grounds Chair

President	Dave Clark
Secretary	Alison Maxwell
VP/Treasurer	Bill Haynesworth
Bar Chair	Mike Witwer
Social Chair	Wendy Hamilton

New Siphon for the Dam

Rick Barrett, Water Chair, reports that a new siphon for lowering the Lake has been installed and tested. The original outlet valves that served this purpose had failed (after more than 80 years of service) and could not be replaced. The siphon serves to control the Lake level to prevent a possible overtopping of the dam in the event of a sudden rise in water inflow from a storm.

Halloween Is Coming!

Road closures will be marked for the big candy-gathering extravaganza for our children. Please keep properties well-lit and car travel to a minimum while the children are walking the streets on this special evening.

Dog Control

A reminder that dogs are to be leashed and not to run free (unless at our Dog Park!). Also, please be considerate of where you let your dog pee—not on neighbors' shrubs and lawns—and pick up after pets to prevent doggie-poop additions to our Lake!

Boats Available

The Dupres have boats available for sale. Call Marilyn or Jerry @6395 to inquire. Or email jerlee3@aol.com.

Water System Maintenance

In October the two vertical water tanks will be professionally refurbished. This operation will **not** affect water service.

A water main leak on Primrose near the Heidens will be repaired. This will require a shut-off for water on the West Side for about 8 hours. A notification will go out several days in advance via the **phone callout system**. If your phone number is not registered on this system, **please contact John Murray to have it added.**

Welcome, Newest Members!

Tara Amaral is the new owner of the former Yingling home on Primrose. Walter and Patti Groff have moved into the former Krizko residence on Lake Trail East. Larry Lindenmayer resides in the Sumas property on Lake Trail West. The Conti family is currently closing on the Davies property. Welcome, all, to the Community!

Lake Stewardship Reminders

We all want to enjoy our Lake, especially in the summertime. But the health of the Lake is a year-round concern.

Septic system maintenance is crucial to prevent excessive nutrient flow into the lake. Systems should be cleaned out regularly per Township regulations. Avoid toxic chemical use and garbage disposal input which adversely affect septic systems.

Lawn maintenance should avoid using herbicides and pesticides that could flow into the Lake. Fertilizers that are phosphorous-free and have low-release nitrogen are preferable. Check with your lawn-maintenance contractors to prevent the use of products that could be harmful to our Lake.
