A Holiday Feast

December Open House a Big Success!

The Holiday Open House on December 8 featured a feast for the Community prepared by the Country Club Board. This annual event is free to the Community and drew a large and appreciative turnout.

Among the featured offerings were the large hors d'oeuvres platter, shown being prepared above, plus sushi,

shrimp, fresh veggies, dips, and other starters, followed by turkey with gravy (prepared by Bobbi Coulter), ham with multiple condiments (prepared by Carl Bonar), roasted vegetables, au gratin potatoes, shells casserole, and a bounty of desserts. The bar featured a cranberry sangria punch prepared by Kara Stires.

Thanks to all Board members for their hard work on these culinary treats, with **Best Wishes to all for the Holidays!**

A New Flag for the Clubhouse

Thanks to the Bierly family for providing our new flag for the Clubhouse. The new flag, donated in honor of Bettina's father, a WWII veteran, was installed at a ceremony held on November 11th at the Clubhouse, presided over by John Murray.

Our beautiful new flag being raised for the first time!

Brainstorming Sessions for Long Range Planning

Several discussion-meetings were held for MKL families to air their suggestions for maintaining and enhancing our Community. The results of these discussions will be brought to the community at or before the Annual Association Meeting on January 13. Be sure to attend!

Thanks to Lori Denson for facilitating these meetings. It should be interesting to see what priorities were among those that these discussions brought up.

Social Chair Assistance

Wendy Hamilton and Marta Lukacs have welcomed the assistance of Nancy Witwer and Nancy Barrett in setting up chairs for parties and events in the New Year. We are hoping for more volunteers to enhance the offerings of events for the Community. Please help them in this operation by volunteering your ideas and help!

Don't forget to sign up for the **New Year's Eve Party** by Dec. 22!

Water System Update

Most of the work on our new well 4 has been completed. The new piping in Pumphouse 1 is up and running well. Rick Barrett reports that we are hoping with DEP approval to also use well 3 attached to Pumphouse 2, as it has tested clean for E.coli. Meanwhile, Ken Heiden worked with the electrician at the well house to make the well house safer and more comfortable for VSA volunteers.

Rick has discovered a state loan for small water companies that has a low interest rate and forgives 50% of the debt, so we are looking into applying for this loan.

Beaches Report

Fred Luberto's committee is preparing a report on the issues related to the new state regulations on our beach. The information will be presented at the Association meeting in January.

Our Newest Neighbors

Gail Whiting and her husband John Schuler have purchased the former Chaney house on Lake Trail West. They plan to do some work but hope to be moving in soon!

Welcome, neighbors!

Road Cleanup Thanks

Ken Heiden, Roads Chair, thanks all who turned out for our postponed Road Cleanup on November 24th! The unexpected early snowstorm made cleanup more difficult even a week later, but mission accomplished, nevertheless!
