## POLAR BEARS & FRIENDS CELEBRATE THE NEW YEAR

Continuing a tradition started over 20 years ago, the annual New Year's Day gathering for the MKL Polar Bears' swim took place at the MKL Beach featuring 7 "Bears" followed by the annual Maxwell family swim event with Alison, Feilim and Orla Maxwell. Once again Euan served as a comfortable (and dry) observer.

Although there was no ice in evidence on the 54° day, the 2 or 3° difference in water temperature was reported to be irrelevant. Participating "Bears" were L-R, Marcia Heiden, Roe Bowden, Joyce Murray (founding members), Bettina "What-the-Hell-am-I-doing-here" Bierly, Nancy Priscu, Gabby Chalfant Meyers and Sarah Churgin. Looking to get the New Year off to a brisk start? Join the Polar Bears at their next annual meeting: 12:00 noon – 1 Jan. '23.

Before

After

## ON THE SUBJECT OF SNOW

The Association Board reminds everyone that when snow is in the forecast, Association Rules require that if at all possible, cars must be parked **off** of the roads to allow for snow plowing and sanding, and for the passage of emergency vehicles. If off-road parking is unavoidable, parking **must** be on the side of the road nearest the lake.

Obstructions that have been placed in road right-of-way e.g. stumps, boulders, **must** be removed to allow for snow plowing.

Also, do not shovel snow into the roadways from your property or when cleaning off your vehicles. If your driveway is plowed out by a private service, then make them aware of this requirement.

Unless you have contracted separately, driveway clearing by the Lake contractor is unable to clear the driveways of residents.

## Yes, there is a Santa . . .

And he took time out of his busy Christmas schedule to visit the Clubhouse riding on his special NNVFD firetruck sleigh to dispense goodies to all.

### FALL ROAD CLEANUP

The annual Fall Road and Community Clean-up in November was a success and the Community looks great thanks to almost 30 adults and 15 kids!

Workers were treated to donuts and coffee to start and homemade soup and brownies to finish (Thanks Dale Skolnick), & the weather was perfect!
