Subject: Water Co

To: [coulterbc@aol.com](mailto:coulterbc@aol.com)

As a past VP of the water co I felt unqualified at times and sometimes dependent on my predecessors. However, I still thought we should keep control of the water co. But, after reading the Water Committee's report I was convinced that it would be wise to convey the oversight and daily operations to a qualified outside company. I think the Water Committee did an excellent job and I endorse their recommendation.
