Join us on the Clubhouse deck for Luau food, the movie **Blue Hawaii**, DJ dancing and an Elvis Impersonator. For those of you who don't remember Elvis, come on down and see what all the hoopla was about. For those who still love Elvis, ... well, we promise a fun-filled evening for all regardless.

**Blue Hawaii** opened in late 1961 and was one of Elvis' most successful movies. He was 26 and played the part of Chad, who had just gotten out of the Army. It was a fun movie and much enjoyed by the folks of Oahu and Kauai, many of whom were involved. With 14 songs, more than any other Elvis film, the soundtrack album spent 79 weeks on Billboard's pop album chart – 20 of those weeks at #1.

Memorable songs include Blue Hawaii, Hawaiian Wedding Song and Can't Help Falling in Love.
