

ESC MT. KEMBLE LAKE STEWARD BROCHURE

A revised copy of Mt. Kemble Lake and Land and You will be in resident mailboxes by mid April. This brochure presents a series of topics affecting Lake health with suggested resources for “Best Management Practices.” It is always preferable to manage land use before a lake gets loaded with nutrients or pollutants. Feel free to call an ESC member to answer questions on lake and land stewardship.

THE ESC.....Joan Baumgarten, Jane Kendall, Sharon Krizko, Chris Allyn, Nancy Baret, Barbara Coe, (Bd. Rep.), Jody Mead
