

Beach Notice

Weather permitting –there will be a delivery of sand deposited on the beach on Wednesday (tomorrow). All are encouraged to come with shovels, rakes and wheelbarrows on Wednesday, Thursday, or Friday to redistribute the sand. I will be down there on Thursday evening hopefully with a group of able bodied people to accomplish this.

Thanks,

Ruth Chaney

PS. Just a reminder that no animals are to be brought to the beach at any time!

No fishing at the beach at any time because hooks have a way of getting left behind and finding their way into little feet, hands, or eyelids.
