

Jan 21, 2014

Hi Everyone,

It is really bad out there right now. If you are having trouble getting home you can park at the fire house. If you do please park on the side and get your car as soon as possible tomorrow. I have notified the police department that people will be parking the parking lot overnight so they are aware.

Also, I will try to get the cut out on Baileys Mill Road by LTW plowed out some time tonight.

Be safe.
